

Women Igniting Change™ Movement

In the hearts of women lie the solutions to some of the most pressing global challenges of our time: medical discovery, conflict resolution, literacy and education, life-changing innovations -- and so much more.

What if every woman you knew were truly committed to making a difference in the world? And imagine if these women understood that *they, themselves, were the Spark* to make that lasting, positive, and trailblazing change happen.

Women Igniting Change™ was born out of a desire to create something different for women -- an inspiring experience, yes, but more importantly an opportunity for women to feel awakened, transformed and determined to act.

Women Igniting Change™ is more than an event...it's a global movement. It's a powerful community of like-minded, impassioned women, committed to transforming the dynamics of their families, their workplaces, their communities and the world.

And it starts with you.

“You have to know what sparks the light in you so that you, in your own way, can illuminate the world.” – Oprah Winfrey
